Professional Summary

AI & Data Science undergraduate passionate about Artificial Intelligence, Machine Learning, Data Science, and Full Stack Development. Founder of Gyanloop.com and Technical Author at CSJournal.in. Experienced in developing web applications, educational platforms, and AI-powered solutions. Interested in Software Engineering, AI Research, and Backend Development.

Education

Guru Ghasidas Vishwavidyalaya (Central University)

Bachelor of Technology (B.Tech) in Artificial Intelligence & Data Science

Expected Graduation: 2029

Technical Skills

Languages: Python, JavaScript, Java, C, HTML5, CSS3

Frameworks: Flask, FastAPI, Node.js

AI/ML: Scikit-learn, TensorFlow, PyTorch, OpenAI API, LangChain

Data Science: NumPy, Pandas, Matplotlib

Databases: MySQL, SQLite, Google Sheets API

Developer Tools: Git, GitHub, VS Code, Linux, Docker, Postman

Cloud: GitHub Pages, Cloudflare, Firebase (Basic)

Projects

GyanLoop.com

Founder

- Built an AI-focused educational platform for students.
- Designed responsive frontend using HTML, CSS and JavaScript.
- Managed deployment, DNS configuration and cloud hosting.

CSJournal.in

- Created technical blogs covering AI, programming and software engineering.
- Improved SEO and user experience for educational content.

CareConnect

- Developed an NGO donation and volunteer management platform.
- Integrated campaign management and emergency resources.
- Planned MERN architecture with Razorpay and Cloudinary integration.

Experience

Founder

GyanLoop.com

- Leading product development of an educational technology startup.
- Managing website architecture, branding and technical roadmap.
- Publishing AI educational resources for learners.

Technical Author

CSJournal.in

- Publish articles on AI, Data Science, Programming and Software Engineering.
- Simplify complex technical concepts for students.

Achievements

- Founder of GyanLoop.com
- Technical Author at CSJournal.in
- Built multiple AI and web development projects.
- Active LinkedIn creator with 500+ professional connections.
- Open-source contributor through GitHub.

Leadership

- Leading an educational technology initiative focused on AI learning.
- Building communities through technical content and knowledge sharing.
- Passionate about mentoring beginners in programming.

Certifications

- Artificial Intelligence
- Machine Learning
- Python Programming
- Data Science

Interests

Artificial Intelligence, Machine Learning, Software Engineering, Open Source, Competitive Programming, Startup Development, System Design, Backend Engineering
